About Me

Enthusiastic ICT student specializing in front-end and full-stack development. Proficient in HTML, CSS, JavaScript, React.js, and Node.js with solid experience using Tailwind CSS, Bootstrap, and Material UI for modern UI design. Skilled in Python, SQL, and database-driven applications, with strong knowledge of CRUD operations, authentication, and MVC architecture. Motivated to contribute to dynamic development teams and grow through practical internship experience.

Skills

- HTML / CSS / JavaScript/ React.js
- Tailwind CSS / Bootstrap / Material UI
- Python / SQL /MySQL /

ACADEMIC Project

Pet Management System

ASP.NET MVC Web Application

- Built a responsive web app for managing pet records using ASP.NET MVC, C#, SQL Server, and Bootstrap.
- Implemented CRUD features for pet and user management with a clean, modular architecture.
- Gained hands-on experience in web development, database design, and user interface implementation.

Student Web API

ASP.NET Core · C# · Entity Framework · SQL Server · Swagger · Postman

- Developed a RESTful Web API to manage student records with CRUD functionality.
- Designed database schema using Entity Framework Code-First approach.
- Implemented API controllers, data validation, and exception handling.
- Tested and documented endpoints using Swagger UI and Postman.

Craftman Food Website

HTML · CSS · JavaScript · MySQL · Responsive Design

- Designed a user-friendly front-end interface using HTML, CSS, and JavaScript.
- Built responsive layouts with smooth animations and modern UI styling.
- Developed category and product pages for food listings.
- Integrated ordering and contact form functionality using PHP and MySQL.

Hotel Management DashBoard

React.js, Recharts/Chart.js, JavaScript, HTML, CSS, REST APIs, Vercel

- Built dynamic and responsive dashboards using React.js.
- Implemented interactive charts and data visualization with Recharts / Chart.js.
- Enabled filtering, sorting, and drill-down features for detailed analysis.
- Integrated API-based data fetching for live updates.
- Focused on user-friendly UI/UX with clean, modern design.

Personal Projects

AutoDose – Automotive & Admin Management Web App

React, Tailwind CSS, Supabase, Vite, JavaScript, Lucide Icons, Vercel
https://auto-dose.vercel.app/

- Fullscreen animated slideshow with fade transitions behind the navbar
- Admin Dashboard allowing administrators to
- Upload and manage photos, videos, and homepage slideshows
- Manage and monitor user accounts (view, update, delete access).
- View site insights and activity overview through a clean UI.
- Integrated user profile dropdown and toast notifications for smooth UX.
- Deployed on Vercel with optimized performance and SEO readiness.

My Name THC (มายเนมทีเอชซี) – Cannabis Shop Web

React, Tailwind CSS, Supabase, Vite, JavaScript, Lucide Icons, Vercel
https://my-name-thc.vercel.app/

- Responsive and adaptive UI that works smoothly across devices
- Product filtering and search capabilities for quick browsing
- Admin Dashboard allowing administrators to
- Upload and manage products with photos and homepage slideshows.
- Manage and monitor user accounts (view).
- Product can delete,edit,mark as popular and new item listing
- Modern typography and centered layout with balanced spacing
- Smooth transitions and animations enhancing overall presentation
